

# CCAP CARES LLC

## Capability Statement

### Company Overview

CCAP Cares LLC provides high-security, technology-driven vending and micro-market solutions tailored for the complex needs of public institutions, correctional facilities, and high-traffic environments. We integrate robust, tamper-resistant hardware with real-time telemetry to ensure seamless, unattended food and beverage delivery with zero operational friction.

### Mission

To elevate the standard of unattended retail in high-traffic and secure facilities by delivering nutritionally diverse, highly reliable, and technologically advanced food service solutions. .

### Vision

: To be the premier Midwest partner for institutional food solutions, setting the benchmark for operational transparency, machine uptime, and community-focused service.

### Core Competencies

#### •Core Competencies (Sharpened)

- **Secure Vending Operations:** Deployment of tamper-resistant, ADA-compliant machines designed for correctional and high-security public facilities.
- **Advanced Telemetry & Cashless Systems:** Real-time inventory monitoring, predictive restocking, and multi-platform cashless payment integration (tap-to-pay, mobile wallets, RFID).
- **Custom Micro-Markets:** Scalable, self-checkout kiosks offering fresh, frozen, and health-conscious meal options.
- **Nutritional Compliance:** Curation of product lines that meet stringent institutional and government health guidelines (e.g., Smart Snacks).

#### Differentiators (Making them Actionable)

- **Data-Driven Restocking:** We don't guess; our real-time telemetry ensures machines are restocked *before* they empty, maximizing your facility's satisfaction and revenue.
- **Correctional & Institutional Expertise:** Deep understanding of the security, compliance, and clearance protocols required to operate in restricted environments.
- **Rapid-Response Maintenance:** Dedicated local technicians ensuring maximum uptime and immediate troubleshooting for all deployed hardware.

## Company Data & Codes (New Section)
